Senior Sessions

This is the most important element of the senior portrait, since this is where the images are actually created. All sessions will offer you a variety of expressions to show your personality.

Traditional Session - \$45

The classic look, designed to stand the test of time. Simple, plain backgrounds in head and shoulders and waist up poses. This session will last about 30-45 minutes and result in 5-10 image selections. It will also include 1-2 Black & White Shots. This session will be done in one or two outfits.

Deluxe Session - \$65

This session includes quarter and full length poses in addition to the classic poses. This session will last from 1-2 hours and will result in 15-20 image selections. Included in those selections will be 4-5 Black & White images. This session allows unlimited outfit changes.

Outdoor - \$45

This session will be at a single location (we can make arrangements for additional locations) and will result in 5-10 image selections. This session is done in one outfit and is often added to one of our indoor sessions.

All price reflect the advance retouching applied to every picture. Stray hairs, acne, and blemishes are removed. Subjects are slimmed down, and toned up. Skin colors are smoothed, and eyes are whitened and enhanced. This is a time-consuming process but its worth is evident in every one of your prints. Every print is made using the best possible pigment ink and printers. Given proper care prints will last more than 150+ years without fading.
